

## **Agile Content S.A.: fast-growing Spanish software company celebrates Going Public in Germany**

*Munich, March 28th 2017* – Munich-based Investment Boutique Capital for Markets GmbH is delighted to announce today's listing of 11.528.688 bearer shares of the Spanish software company Agile Content S.A. (ISIN ES0105102000) on Boerse Stuttgart, the leading exchange for retail investors in Germany.

Responsible for the transaction advisory of this Going Public in Germany has been Capital for Markets GmbH, that has been involved not only in the choice of the right-fitting stock exchange and the best applicant, but also in the development of a strategy to communicate with relevant market participants. Applicant for the listing of Agile Content S.A. on Boerse Stuttgart has been BankM / biw Bank für Investments und Wertpapiere.

The management of Agile Content S.A. aims to increase the trading volume of its shares and thereby the attention of the market participants by this dual listing in Stuttgart. The roadshow in Frankfurt and Munich, organized by Capital Lounge GmbH, an affiliate of Capital for Markets, substantiated this goal already. In addition, Agile Content S.A. will be presented in front of around 300 institutional investors by its CEO during the 25<sup>th</sup> European Capital Markets Conference, that will take place on April 12<sup>th</sup> 2017 in Munich.

Jörn Follmer, Managing Director of Capital for Markets GmbH: "Based on the outstanding quality of the companies listed on the MaB (Mercado alternativo Bursátil) segment in Spain, a dual listing of those companies in Germany is not only feasible, it opens the door to the German Capital Market and local investors. We are convinced that additional MaB companies will follow the path of Agile Content S.A. and would be delighted to support their dual listing in Germany."

### **About Agile Content S.A.**

With a team of 140 software developers in 10 countries and development centres in Barcelona, Helsinki and São Paulo Agile Content achieved sales of around 8 million Euro in the area of "TV on demand" in 2015.
